

Přesný svěrák pro EDM obrábění Precision Wire-cut Pallet

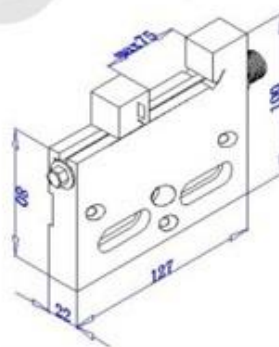

30037

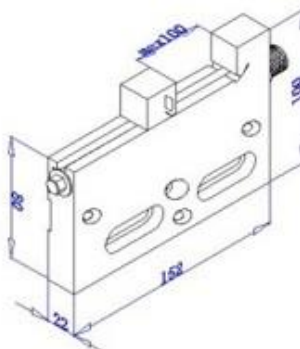

□50#

□75#

□100#

Features:

- Precision wire cutting EDM vise is used in conjunction with the high precision wedm; manually alignment purpose designing, fast to prepare workpiece under location;
- Property of stainless steel, treated by casting, vacuum heating and deep cryogenic forming and finished; grinding molding, finally the vise with good stability, good rigid without deformation;
- With manual screw lock fixture design, suitable to clamp the small workpiece;
- Recommended maximum load capacity of 3Kg.

Specifications:

- ★ Parallelism within: 100mm/2um;
- ★ Squareness within : 100mm/5um;
- ★ Material: SUS420&SUS440(Stainless steel) ;
- ★ Hardness: HRC50° -55° ;
- ★ Clip to hold scope: 0-50mm, 0-75mm. 0-100mm.
